

ENABLE Stakeholder Dialogue #1
Environmentally and socially just and resilient cities – What can blue and green infrastructure offer?

11 October 2018, 9:30-13:00

(Agenda as of 27 September 2018)

*Regional Office of Lodzkie Region in Brussels
 Sq. Marie-Louise 2
 1000 Brussels, Belgium*

The ENABLE Stakeholder Dialogue #1 will bring together project researchers and cities with a wider audience of other cities, regions and organisations working on green and blue infrastructure. The aim is to share experiences and discuss how cities can become more just from an environmental as well as societal perspective by using the many benefits urban green and blue spaces offer.
